Authorization Decision 4/2017 dated 16 January 2017

# PRODUCT CERTIFICATE

**202/C5/2018/J-30-20113-18**

In accordance with the provisions of Art. 5 (2) of Government Regulation 163/2002 Coll., laying down the technical requirements for selected construction products, as amended by Government Regulation 312/2005 Coll. and Government Regulation 215/2016 Coll., the Authorized Body hereby confirms that for the following construction product

Product specifications: machinery shoot nails  
diameter 3,8 mm, length (17 to 82) mm

Manufacturer and place of manufacture: Zdeněk Chlupáč CHALKO PŘÍKRÝ s.r.o.  
Příkrý 22  
513 01 Příkrý, Czech Republic

ID No.: 06585523

the Authorized Body reviewed the background materials submitted by the manufacturer, conducted the initial product type testing on the sample, the initial assessment within the production site, and assessed the factory production control, and ascertained that the product specified above complies with the requirements related to the essential requirements of Government Regulation quoted above, set in Construction Technical Certificate STO-30-20112-18, dated 1 March 2018, issued by Authorized Body 202, valid until 1 March 2021, and that the factory production control is in conformity with the relevant technical documentation, and ensures that the products placed on the market fulfil the requirements specified by the Construction Technical Certificate mentioned above, and correspond with the technical documentation pursuant to Art. 4 (3) of the Government Regulations specified above.

Final Report 30-11267 dated 8 March 2018, which contains the conclusions drawn from the inspections and verifications, as well as the test results and basic description necessary for the identification of the certified product, is integral part of the present Certificate.

The present Certificate was first issued on 9 March 2018 and remains valid as long as the requirements specified by the Construction Technical Certificate to which reference is made, or the production conditions at the place of production, or the factory production control, remain substantially unchanged, or until the Authorized Body amends or revokes the present certificate.

At least once every 12 months, the Authorized Body will check the due functioning of the manufacturer's factory production control, pursuant to the provisions of Art. 5 (4) of the above-mentioned Government Regulation, and shall take product samples at the place of production, test the product samples and assess whether the product characteristics comply with the Construction Technical Certificate. The Authorized Body shall evaluate the surveillance and issue a report for the manufacturer.

Brno, on 9 March 2018

  
Ing. Pavel Šticha  
Director for Certification
